alexeyyakuba@gmail.com

① PROFILE

I take particular pleasure in crafting websites with animations and unique, creative designs that challenge conventional norms. Beyond my technical expertise, I'm a quick learner, eager to master emerging technologies and find solutions to new challenges. Programming isn't just my profession—it's my passion, and I often spend my free time exploring modern web trends and experimenting with code.

② SKILLS

Git	○○○○○
HTML	○○○○○
CSS	○○○○○
JavaScript	○○○○○
TypeScript	○○○○○
Astro	○○○○
Angular	○○○○
Vue	○○○○
React, Next.js	○○○○
GSAP	○○○○

SQL	○○

③ LANGUAGES

Ukrainian	○○○○○
Russian	○○○○○
English	○○○○
German	○○

④ EDUCATION

Elf 80lvl

YouTube

June 2018 — Present

In short, school and university sucks. I don't have a university degree, I tried to study at the university, but I was bored, and there were a lot of

unnecessary subjects. I studied (and continue to study, because it's a non-stop process) mostly thanks to YouTube, on my own, because I'm interested in it, and because from my own experience, paid courses gave the same information that can be found on the Internet in the public domain.

⑤ INTERNSHIPS

Newbie html+css+some js developer

Some local agency, Kherson

June 2021 — October 2021

It was my first internship when I had no practical experience at all, the first few months I worked for free, but I was incredibly happy to have such an opportunity in my small town

⑥ EMPLOYMENT HISTORY

Junior Web Frontend Developer

Mavericks Agency, Kiev

October 2021 — January 2024

I primarily worked with WordPress and Laravel, using a development stack that includes HTML, Tailwind + SCSS, pure JavaScript, and Vue.js when necessary. Additionally, we utilize Laravel Mix and occasionally customize webpack configurations for specific requirements.

Freelance Web Developer

xs informatik GmbH,
Landsberg am Lech

March 2024 — Present

Transport Company Web Portals | Basel, Switzerland

Developing and maintaining two web portals for a transport company, focusing on optimizing user experience and operational efficiency.

Working with **Angular, Tailwind CSS, and TypeScript** for the frontend, while integrating with a **C# and SQL-based backend**.

. Ensuring responsive design, performance optimization, and seamless data interactions. Collaborating closely with the client to implement business logic and enhance system functionality.

⑦ DETAILS

Nationality

Date / Place of birth

Hobbies

Ukrainian

1998/Kherson, Ukraine

Chinese tea, tea ceremonies, cooking and eating

vegan/vegetarian food, yoga,

meditation, learning new

techs with YouTube Passionate

about Chinese tea culture,

enjoying tea ceremonies as a way to relax and connect with tradition. Regularly practice yoga and meditation, embracing mindfulness and well-being. Enthusiastic about programming and continuous learning, always exploring new technologies and improving skills. Occasionally unwind with computer games and appreciate time in nature, especially hiking in the mountains, etc.
